## Recommended by Leading Physicians

"OcuMend helps to reduce rhinoplasty recovery  
from about two weeks to one."

- Jason Bloom, M.D., Double Board Certified Facial  
Plastic & Reconstructive Surgeon

**60%**

said one week is the  
longest they would take  
off work for complete  
recovery.\*\*

**96%**

said they would want a  
natural product to  
reduce recovery by 5-7  
days if they had an  
option.\*\*

**79%**

said they would not go  
back to work if face was  
still bruised or swollen\*\*.

\*Ophthalmic Plastic and Reconstructive Surgery (2017), Assessing the Effectiveness of Arnica montana and Rhododendron tomentosum (Ledum palustre) in the Reduction of Ecchymosis and Edema After Oculofacial Surgery: Preliminary Results Julia Y. Kang, B.A., Kimberly D. Tran, M.D.†, Stuart R. Seiff. \*\*Based on Survey of 131 patients interviewed from ages 30-59
